GARRISON FINISH

NOTHING COULD STOP HE BLUES PLUNGE TO THE BUTTOM.

Grand Rapids 15, Kasas City 3-"Rube" Waddell Had . Snap With the Indigos, and se Prodigals Won Hand Down,

GRAND RAPIDS, MIH., July 30 .- (Special.) In their present cape the Blues are entirely outclassed by Loftus' men. Their work to-day was verymuch minor league and the locals won asthey pleased. Waddell had the easiest je, on his hands of any game that he has pithed thus far this sean and but for hishit by pitcher in the sixth and Beulow's fumble in the eighth, he would have sered a shutout. The Kansas City outfielers had their troubles with the sunfield t which may be charged costly muffs of Rthfuss and Miller. Several fly balls droped untouched in the outfield on account c the sun and went down as safe hits. Sticklett was an easy mark for the prodigal who accepted the oppor-tunity to fatte their batting averages, tunity to fatte their batting averages, the seventeen hits netting twenty-five bases. Strickitt escaped punishment in only two innites. Ganzel did the unusual thing of fumbing an easy grounder in the first inning bt played a great game after that, but he sould not get his eye on the ball and faled to get a hit. Bierbauer carried off he batting honors with two ball and faled to get a hit. Bierbauer carried off he batting honors with two doubles and two singles to his credit and also playeds great fielding game, making some phenoninal stops. Wilson's throwing wing seemd out of gear and base stealing was not hird for the home team. McKinney hit fo two bases in the second inning but was caught five feet off second by Buckly vho missed nothing. Gear was hit by a piched ball in the sixth but was by a piched ball in the sixth but was forced it second on Ganzel's grounder to Beulow Rothfuss sent Ganzel home with a twobager to left. In the eighth Beulow fumbled Hulen's grounder. Gear was killed at first and big John fanned. Then Rothfuss dove the sphere over the left fence for a home run. The visitors were outplayed at every point. Gettman is sick at the lotel with fever. Attendance, 2,600. GRAND RAPIDS.

Louisville 9-16, Cleveland 2-13. LOUISVILLE, KY., July 20.—The Colonels took both games from Cleveland today. Cunningham pitched good ball in the first game and the result was never in doubt. The second game was a slugging match and the visitors made a great effort to overcome the Colonels' long lead. Dowling and Brashaer were knocked out of the box in the seventh inning. A sensational catch by Clarke was a feature in the second game. Attendance, 9,624. The score:

TO BREAK A RECORD. A. H. Hansen Goes Against the 1,000-Mile Bicycle Mark at

Minneapolis. MINNEAPOLIS, MINN., July 30 .- A. H. Hansen, the long distance bicycle rider, started at 6:10 o'clock this morning on his attempt to break the 1,000 mile world rec ord, traveling over the Minnetonka-Fort Snelling course. This evening the indications are that he will be successful. The record is 105:19, held by T. A. Edge, of England, and Hansen is trying to bring this below 100 hours. Hansen rode the first 100 miles in 5:25 and the 200 miles in 11:45. breaking state records.

When Hansen started it was his intention When Hansen started it was his intention to go for national course records, and he would undoubtedly have been successful but for a bad fall at thirty miles. The front wheel of a triplet, by which he was being paced, broke, and the riders were thrown. Hansen was injured about the back. At the time the accident occurred, he was perfectly fresh. Hansen stopped for his first rubdown after having ridden 220 miles, which he finished in 13:14. Hansen intends to break the twenty-four hour national record, which is \$\$51-6\$ miles.

Totals28 4 27 5 1 Totals26 10*25 16 3 percentage of the gate receipts, was a poor exhibition. The Jersey man had the better of the start but Bald went right up to him in a second and for three laps out of the four constituting the mile with not more than the width of a tape line between "Eddies" leading wheel and Zimmy's" hind one. This trail was kept up until after the fourth lap had been finished when Bald shot ahead. Zimmerman was either unable or unwilling to make a source. Fosters yesterday at Fairmount park in a good game by the score of 9 to 6. The features of the game were the battery work of Newham and Graves and the hitting of the Bruce team. Jesse James covered first base for the Bruces and played a fine game. The score:

when Bald shot ahead. Zimmerman was either unable or unwilling to make a spurt. Bald at once put spans of daylight between them and finished four yards ahead in 2:13. Half mile open; professional. H. Jay Eaton, Lorraine, N. J., first; McFarland, second; H. B. Freeman, Portland, Ore, third. Time, 1:212-5.

BURLINGTON ROUTE.

AMONG THE RAILROADS

CHOCTAW COAL AND MINING COM-PANY RAILROAD CONTRACT LET.

Well Known Capitalists of St. Louis and New York Here in Consultation With Other Members of the Company-To Begin January 1.

Charles Sutter, of St. Louis, and F. E. Child, of New York, capitalists who are interested in the Choctaw Coal and Minhave spared no pains to bring to Columbus ing Company, which was organized in Kansas City three weeks ago, were at the Baltimore hotel yesterday in consultation with the Kansas City men who are interested in the new company's enterprises. Mr. Sutter, who is at the head of the active management of the company, in conversation with a reporter for The Journal,

"Our company was organized to build railroad from Shady Point, on the Pittsburg & Gulf railroad, to the big coal mines we own about six miles from that point The contract has already been let and we expect to have the road completed before October 1. The coal properties we own and control near Shady Point are some of the best in the entire West and the coat is a semi-anthracite which we believe will al-most entirely supplant the Pennsylvania anthracite that has been used in Kansas City in times past. It is especially adapted for the use of ocean steamers and we will begin as soon as the railroad is finished to ship our coal to Galveston and other Southern sea ports for that use. We expect to have our mines in operation by January 1, and at that time, if all goes well, we will be shipping fifty tons a day to Kansas City and St. Louis."

Mr. Sutter is interested in several enterprises along, the line of the Pittsburg & Gulf road, and as he has made a study of the resources of the country in that section tributary to Kansas City he is well qualified to judge the value of its development to Kansas City.

"There is unusual activity all along the line of the new road," continued Mr. Sutter, "and I look for still greater developments in the near future. New companies are being organized almost every day to exploit some of the resources of that coun try, and its possibilities for profitable development have only just been discovered.
Our coal beds, for instance, are wonderful in extent, and the quality of the coal is superior to any yet discovered in the West. Heretofore the best coal that has been used in Kansas City has been so expensive that many who could use it to advantage have found it too costly. By many experiments our coal has been proven equal to, if not superior to, the coal brought from the East, and when we get to running we can land coal in this city at a price that will largely increase its use. We are not connected in any way with the so-called coal trust, and will be prepared to meet competition from any source." velopment have only just been discovered tition from any source."
Postmaster Sam Scott is also largely in-

through the senate of the Patterson bill to amend the interstatae commerce act, makes singularly interesting reading. The senate of the interstatae commerce act, makes singularly interesting reading. The back. At the time the accident occurred, he was perfectly fresh. Ahead of Zimmerman at Vails
through the senate of the Patterson bill to amend the interstatae commerce act, makes singularly interesting reading. The essential facts in their broader aspects by railway were fairly well understood by railway presidents and managers generally at the time, and reference to the parts which were about 3.000,000 pounds more than for last week but lead sales were about 15,000 pounds less, and the value of both is over \$20,000 pounds less, and the value of both is over \$20,000 pounds of lead were sold, which brought \$123,580 at \$25 for jack and \$23 for lead. For the first through the senate of the Patterson bill to amend the interstatae commerce act, makes singularly interesting reading. The essential facts in their broader aspects by railway were fairly well understood by railway is still firm at \$27.50. Sales of zinc for the week were about 15,000 pounds less, and the value of both is over \$20,000 pounds less, and the value of both is over \$20,000 pounds of lead were sold, which brought \$123,580 at \$25 for jack and \$23 for lead. For the first throw week was \$45 per ton, paid for the Conqueror product in Jophin, and a few bunches in Oronogo. Lead time, and reference to the parts which were played by the leading characters in those who, like himself, were in a position to know the internal history of read throw were about \$25,000 pounds of lead were sold, which brought \$25,550 or shift was a point of the Conqueror product in Jophin and a few bunches in Oronogo or long to the tong the for the Conqueror product in Jophin and a few b burg, N. J., Yesterday.

NEW YORK, July 30.—The one mile graph of his paper, after giving the detail of the political enmity that existed best tween Mr. Cowen, chief counsel for the from the various camps: match race between Arthur A. Zimmerman and Eddie C. Bald to-day at Vailsburg, N. celver of the property, now its president J., for a "guaranteed purse" of \$1,000 and a and a representative in congress at the percentage of the gate receipts, was a pcor time, and Arthur P. Gorman, senator from

"It is needless to go further into details. The triumphant passage through the house of the Patterson bill and the efforts of a somewhat ostentatious lobby counted for nothing. Senator Gorman knew that his political retirement was contemplated. but there remained for him two years, and that session he was absolute master of the senate. If the bill had been called up-as it could readily have been had Senator Gor-man so willed-it would undoubtedly have commanded a majority vote, and the standing and relations of the committee, not less than of the rallroads, would thereby have been vastly improved; but the unhappy feud (between Representative Cower and Senator Gorman) referred to prevented, and the vindictive senator taught his whilom friends the inexpressible folly of antagonizing him. If the result had been otherwise-as it surely would have been had the Maryland senator continued friendy-Mr. Cowen would have been hailed by the rallroad profession as a great deliverer and have been accorded an acclaim Lorat From Interior of
Abyssinia.

London Correspondence to Birmingham Peat.
Weld Blundell and Lord Lovat have returned home from their very remarkable journey through Abyssinia to the Blue Nile. I believe this is the first time the route has been traversed by Europeans, and for about 200 miles the country was quite unservined. From Berbera the party went to Harrar, and thence they marched to Addis Abbaba, the capital of Abyssinia, a collection of primitive grass thatched huts square. The English description of primitive grass thatched huts square. The English description of primitive grass thatched huts square. The English description of primitive grass thatched huts square. The English description of primitive grass thatched huts square. The English description of primitive grass thatched huts square. The English description of primitive grass thatched huts square. The English description of primitive grass that had not been properly safeguarded them of such being a square of such seller, yet the fact remains on much distrust was engendered, that no should dissust our should dissust our should dissust our safety for much only did dissustrous failure take the place of almost assured success, but the rare are many who will dissust the not only did dissustrous failure take the place of almost assured success, but the interest in the party to the interest in the man to only did dissustrous failure take the place of almost assured success, but the interest in the party to the interest in the party to the interest of the place of almost assured success, but the failure of abyssinia, a collection of primitive grass that had not been properly safeguarded them of such being the party to dissust was engendered, that no only did dissustrous failure take the place of almost assured success, but the man the party to the failure of almost the failure of the buffer interests in the party to the interests of the place of almost assured success, but the the party to the interests of the place of almost assured success, but th throughout the financial world far exceed ing the meager applause that fell to as a member of congress for one

of unanimity among the railways them-selves, or through a foolfsh underestima-tion of the opposing forces. And either of the same causes may suffice to defeat any effort in the future. CAN'T BE BEAT. -Trains to-CHICAGO AND ST. LOUIS BURLINGTON ROUTE.

DREADED YELLOW JACK.

Thirty Cases Reported to Be at the National Soldiers' Home at Newport News, Va. NEWPORT NEWS, VA., July 30.-There LABOR UNIONS DREW LOTS FOR POare thirty cases of what is believed to be genuine yellow fever at the National Sol-

diers' home, near Hampton, and thre deaths from the disease were reported to day. There were several other deaths at the institution yesterday, but it cannot be Will Be Made at Another Meetthe institution yesterday, but it cannot be stated to-night that all of them were caused by yellow fever. Newport News and Hampton will quarantine against the Soldiers' home to-morrow morning. The government authorities at Old Point have already adopted this step, and no strangers are allowed to enter the reservation. Quarantine Officer Hobson, of this port, went to the Soldiers' home to-night and verified the statement that there are now thirty cases of the disease at the home, and that there were three deaths from the malady to-day. While no one outside of the Soldiers' home knew anything about the existence of yellow fever until to-day, it is said that the disease made its appearance three days ago. The most rigid quarantine regulations will be enforced to prevent the spread of the malady.

The news has created great excitement in Newport News, Old Point and Hampton, and the most vigorous measures will be resorted to to prevent its spread. There are 4,000 old veterans at the home, and several large excursion parties went last week.

WASHINGTON, July 30.—Surgeon Gen-

week. WASHINGTON, July 39.—Surgeon General Wyman, of the marine hospital service, was informed Saturday night of an outbreak of what was feared was yellow fever at the National Soldiers' home at Hampton, and immediately dispatched surgeons in the service from Whimington, N. C., Norfolk and Washington to investigate the sickness there, report on its character to the authorities here and to take measures to prevent the spread of the disease. Dr. Wyman himself will go to Hampton in a few days to take charge of the work of preventing a spread of the disease if it develops into genuine yellow fever, Two of the surgeons dispatched to the home reported to-day that the symptoms very much resemble those of yellow fever, and that, while they could not be positive in their diagnosis as yet, they were inclined to the belief that the disease was the dreaded yellow jack. The govy ernment will adopt strict precautionary measures to prevent a spread of the distance of the surgeons dispatched to the home reported to-day that the symptom series of the surgeons dispatched to the home reported to-day that the disease was the dreaded yellow jack. The govy ernment will adopt strict precautionary measures to prevent a spread of the distance of the d

JOPLIN ORE MARKET. Fall Delivery Orders Cause a Heavy Demand From the Smelters-

The Week's Output. JOPLIN, MO., July 30.—(Special.) Sales of zinc ore were heavier during the week past than for two months, owing to the in-creased demand, for ore, caused by the melters, who have begun to fill orders for fall delivery. The week has been favor able to mining operations and the large output takes up most all the productions. Now that the regular summer dull season shows signs of being passed operators and PATTERSON BILL FAILS.

PATTERSON BILL FAILS.

Failure of the Patterson Bill in the Senate-Passage of a Pooling Bill Doubtful.

The third article by J. W. Midgley, dealing with the failure to obtain the passage through the senate of the Patterson bill to amend the interstatae commerce act,

IRON ORE PRODUCT 1898.

pleted by Special Agent John Birkinber. The year recorded the maximum iron ore production for the United States, a total of 19,278,369 long tons. This was 1,769,323 long tons, or 19 per cent. In excess of the previous maximum of 17,518,06 long tons, produced in 1897, and over 1,250,000 tons above the record for Great Britain in 1889, when 18,028,049 long tons were mined. The cores of the British isles also average lower percentages of metal than those exploited in this country, and therefore represent a smaller pig metal product.

The variety of iron ores produced includes red hematite, the output of which was 83 per cent of the total, and brown hematite, which was 10.3 per cent of the aggregate product. Magnetite and carbonate ores make up the remaining 6.7 per cent.

cent.

The total output in long tons of all varieties by states was: Michigan, 7,346,846; Minnesota, 5,963,509; Alabama, 2,401,748; Pennsylvania, 773,082; Tennessee, 533,227; Virginia, 557,713; Wisconsin, 509,405; Colorado, 318,489; New Jersey, 275,428; New York, 179,961; Georgia and North Carolina, 160,783; Montana, Nevada, New Mexico, Utah, and Wyoming, 55,969; Missouri, 50,009; Ohio, 43,868; Kentucky, 12,912; Connecticut and Massachusetts, 20,251; Texas, 9,705; Maryland, 5,941.

Odd Fellows Meet.

The hall of Triple Link lodge, No. 9. I. O. O. F., was filled at their last meeting with a very happy throng, every seafin the room being filled with members or visitors, the occasion being a visit of the I. O. O. F. Visiting Society. The routine business of the lodge was quickly transacted and when the good of the order was reached the visitors were welcomed by a brief address by General Fred W. Averill, noble grand of No. 9. represented by W. L. Austin, chairman of the visiting club, followed by V. W. Pon, K. N. Platsburg, W. K., Lourr, Ed Lane, George Kendricks, E. Janstens, S. A. Burns, D. U. Everhart, B. G. Lanham, G. McCrety, Charles St. Louis, A. E. Peterson, and Messrs, Hewsters, Stauer, Sullivan, Dickinson, Neuman, DeLow, Robb, Berry, Jones, Haymen and others. The committee will visit Westport lodge Friday, August 4. All members of the order have requested to be present and give the new lodge a good send-off.
